

Build momentum. Change culture. Stop child sexual abuse in real time.

Stewards of Children is the only nationally distributed, evidence-informed training shown to increase child protective behaviors in adults. This child sexual abuse prevention training offered by the Memphis Child Advocacy Center is designed for parents and organizations that serve youth including schools, first responders, mentoring programs, faith centers, sports leagues, childcare agencies, and nonprofit organizations. **Stewards of Children** provides adults with new skills to prevent, recognize, and react responsibly to child sexual abuse. The training is 2.5 hours in length. The cost of materials per participant is \$10. The CAC has limited scholarship funding available.

How you can help:

- Schedule Stewards of Children training at organizations with which you are connected. Stewards of Children is appropriate at any business or community organization that includes parents, volunteers, or other adults who are responsible for children.
- Invite the Memphis CAC to speak at your civic organization.
- Provide financial support to help continue and expand the CAC's prevention initiative.
- Help us reach the tipping point in Shelby County. Galvanize support by talking with other community leaders and encourage their involvement.
- Contact Kris Crim, Prevention Coordinator, kcrim@MemphisCAC.org or (901) 888-4363 or for more information.
